<!-- ===== CAREER ===== -->
<section class="content">
  <h2>Career and Excavations</h2>
  <p>
    Lal served as the Director General of the Archaeological Survey of India
    from 1968 to 1972. During his tenure, he led and supervised several
    important excavation projects across India.
  </p>

  <p>
    He conducted excavations at sites such as Hastinapur and Kalibangan,
    where significant findings related to Painted Grey Ware culture and
    early settlement patterns were uncovered. His work contributed to a
    better understanding of Iron Age cultures in northern India.
  </p>

  <p>
    Lal also participated in archaeological investigations at Ayodhya.
    His research involved stratigraphic analysis and structural studies
    that contributed academic evidence regarding the historical layers
    of the site.

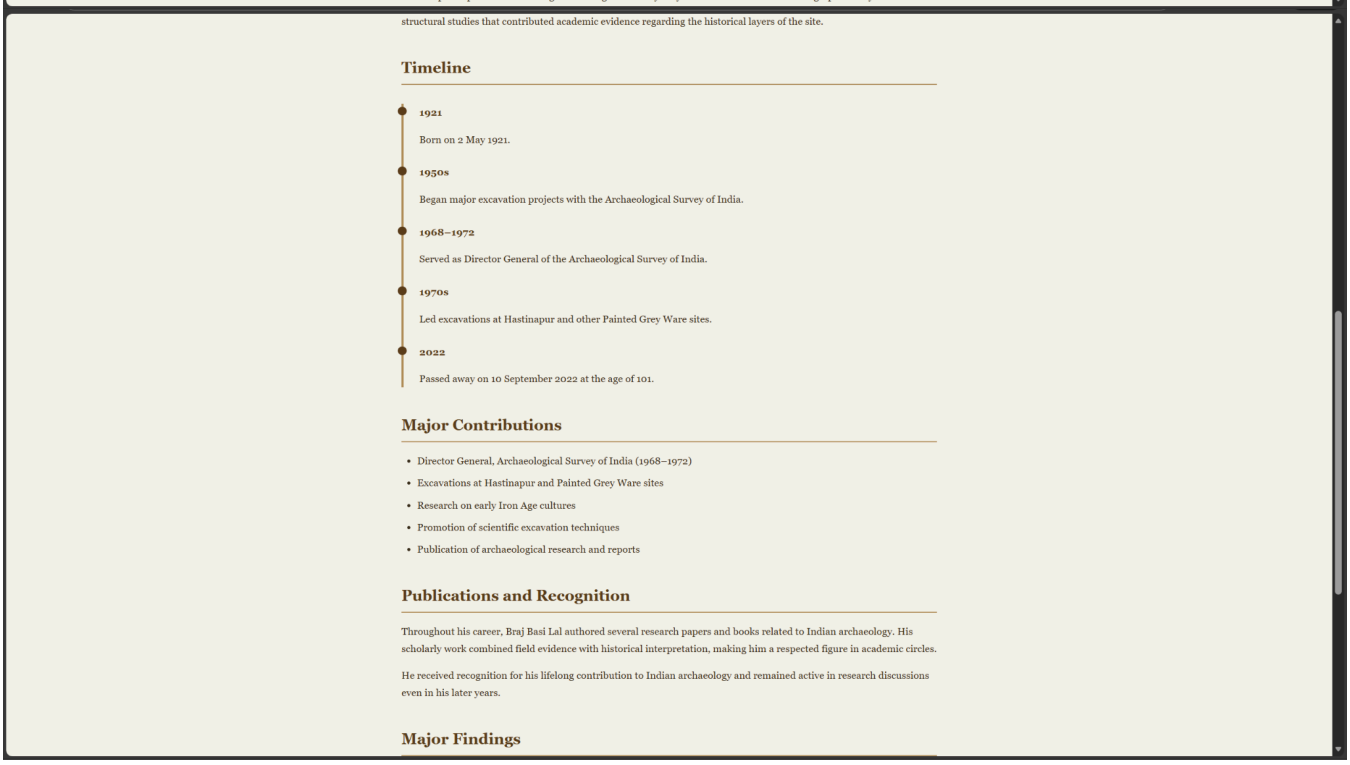
Braj Basi Lal
127.0.0.1:5500/WDT_lab/Practical%204/index.html
Braj Basi Lal
1921 – 2022 | Pioneer of Indian Archaeology
Introduction
Braj Basi Lal (1921–2022) was a distinguished Indian archaeologist and former Director General of the Archaeological Survey of India (ASI). He played a key role in shaping post-independence archaeological research in India and is known for his contributions to the study of ancient Indian civilizations and early historic cultures.
Early Life and Education
Born on 2 May 1921, Braj Basi Lal pursued higher education in history and archaeology. He later trained in archaeological methods and became associated with the Archaeological Survey of India. His academic foundation and field training helped him develop a scientific approach to excavation and cultural analysis.
Career and Excavations
Lal served as the Director General of the Archaeological Survey of India from 1968 to 1972. During his tenure, he led and supervised several important excavation projects across India.
He conducted excavations at sites such as Hastinapur and Kalibangan, where significant findings related to Painted Grey Ware culture and early settlement patterns were uncovered. His work contributed to a better understanding of Iron Age cultures in northern India.
Lal also participated in archaeological investigations at Ayodhya. His research involved stratigraphic analysis and structural studies that contributed academic evidence regarding the historical layers of the site.



Timeline
1921
Born on 2 May 1921.
1950s
Began major excavation projects with the Archaeological Survey of India.
1968–1972
Served as Director General of the Archaeological Survey of India.
1970s
Led excavations at Hastinapur and other Painted Grey Ware sites.
2022
Passed away on 10 September 2022 at the age of 101.
Major Contributions
Director General, Archaeological Survey of India (1968–1972)
Excavations at Hastinapur and Painted Grey Ware sites
Research on early Iron Age cultures
Promotion of scientific excavation techniques
Publication of archaeological research and reports
Publications and Recognition
Throughout his career, Braj Basi Lal authored several research papers and books related to Indian archaeology. His scholarly work combined field evidence with historical interpretation, making him a respected figure in academic circles.
He received recognition for his lifelong contribution to Indian archaeology and remained active in research discussions even in his later years.
Major Findings

Conclusion :

This webpage presents a structured overview of Braj Basi Lal's life and contributions using basic HTML and CSS. The design incorporates an archaeological theme, a profile layout, structured content sections, and a visual timeline to organize historical information clearly.
The project demonstrates how simple web technologies can be used effectively to present academic content in an engaging format.
